Expertise

- Next.js
- TypeScript
- Tailwind
- AntD
- ShadCn
- Redux
- React
- Firebase

Comfortable

- Express.js
- MongoDB
- Mongoose
- JWT
- Multer
- Cloudinary
- Node Mailer
- NextAuth

PROJECTS

Recipe-Sharing Platform | Sep. 2024   Live Link   Frontend Repo   Backend Repo

- Created a social platform for sharing recipes utilizing Next.js, NextUI, and Express.js, achieving over 150 active users within the initial month.
- Enabled user profiles for managing favorite recipes, resulting in an 80% boost in user engagement through real-time interactions and CRUD functionalities with MongoDB.
- Integrated Cloudinary for image uploads, enhancing load times by 30%, and improved user experience through React Hooks and Redux for state management.

Sports Facility Booking System | Oct. 2024

- Developed a comprehensive booking system for sports facilities using React, Redux, TypeScript, Node.js, Express.js, and MongoDB, realizing a 95% success rate for bookings.
- Executed availability checking and booking functionalities, streamlining the scheduling process for users by 40%.
- Integrated Stripe for payment processing, leading to a 20% increase in transactions completed.
- Designed custom validation mechanisms to prevent booking conflicts, which decreased user complaints by 50%; added JWT and NextAuth for enhanced security.
- Implemented responsive design with Tailwind CSS and established email notifications through Nodemailer, enhancing communication efficiency by 30%.

E-Commerce Platform | Aug. 2024

- Engineered a full-stack e-commerce application leveraging TypeScript, React, Redux, Node.js, Express.js, and MongoDB contributed to a 25% growth in sales during the first month after launch.
- Employed the Stripe API for secure payment processing, achieving a 99% success rate for transactions, and effectively managed orders with a dynamic shopping cart featuring real-time price updates.
- Elevated user experience through responsive design implemented with Tailwind CSS, and deployed on Netlify and Heroku, resulting in 50% faster load times.

Education

Bachelor of Social Work (BSW)
